EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech.	Indian Institute of Technology, Tirupati	8.76	2022-2026
Senior Secondary	RBSE Board	100.0%	2021
Secondary	RBSE Board	94.5%	2019

EXPERIENCE

- **Easexpense** Jun 2024 - Till
Frontend and Backend Developer Remote
 - Designed and implemented responsive user interfaces using [Technologies, e.g., React, HTML/CSS]
 - Developed and maintained backend logic with [Backend Technologies, e.g., Node.js].
 - Worked on database management, including schema design and data querying using [Database Technology, e.g., MySQL].
 - Collaborated with the team to troubleshoot and optimize existing code.

PROJECTS

- **Own Portfolio Site** Feb. 2024 - Mar. 2024
This was my first mini project that I made from scratch
 - **Tools & technologies used:** HTML and CSS
 - As dedicated web developer, my portfolio highlights my expertise in front-end development, showcasing a variety of projects that demonstrate my proficiency in CSS, JavaScript etc. It includes a short description about me, my skills, Projects etc. It features a responsive design, ensuring optimal viewing experiences across all devices.
- **Weather Website** jun. 2024
A weather website provides up-to-date information on current and forecasted weather conditions.
 - **Tools & technologies used:** JavaScript, HTML, CSS, Bootstrap
 - Developed and maintained a dynamic weather website using JavaScript to provide accurate and up-to-date weather forecasts and climate information by fetching the weather API
- **NewsApp** jun. 2024 - jul. 2023
This app delivers real-time updates on global and local events by fetching the data from news API.
 - **Tools & technologies used:** JavaScript, React.js, Bootstrap, CSS
 - This is a real-world react project, in which I am taking data by fetching the news API, basically this website gives us information about top headlines of news. In this, I have created different columns for different types of news like sports, technology etc.

TECHNICAL SKILLS

- **Programming:** C, Python, Java, JavaScript
- **Tools & OS:** Git, Github, Windows
- **Web Skills:** HTML/CSS/JS, ReactJS/Nodejs

KEY COURSES TAKEN

- Data Structure, Algorithms, Machine Learning and Web development
